School children's artwork is used to decorate the front cover and blank filler pages of the *Texas Register*. Teachers throughout the state submit the drawings for students in grades K-12. The drawings dress up the otherwise gray pages of the *Texas Register* and introduce students to this obscure but important facet of state government.

The artwork featured on the front cover is chosen at random. Inside each issue, the artwork is published on what would otherwise be blank pages in the *Texas Register*. These blank pages are caused by the production process used to print the *Texas Register*.

TITLE 4. AGRICULTURE

PART 13. PRESCRIBED BURNING BOARD

CHAPTER 226. REQUIREMENTS FOR CERTIFICATION BY THE BOARD

4 TAC §226.3

The Board of Directors (Board) of the Prescribed Burning Board (PBB), a board established within the Texas Department of Agriculture (TDA), proposes the amendment of §226.3 of Title 4 of the Texas Administrative Code, concerning experience of certified and insured prescribed burn managers.

The amendment to §226.3 is proposed in order to clarify that certified and insured prescribed burn managers are required to have three years of experience on a burn team and a minimum of 30 days of prescribed burns, with at least five days as an individual responsible for all aspects of a prescribed burn. The rule currently provides that to become certified, an applicant must meet only one of the requirements of §226.3, which was not the intent of the PBB.

Stuart Strnad, Coordinator for Agriculture Commodity Boards and Producer Relations, has determined that for the first five years the proposed amended section is in effect, there will be no fiscal implications for state or local government as a result of enforcing or administering the section, as amended.

Mr. Strnad has also determined that for each year of the first five years the proposed rule is in effect the public benefit anticipated as a result of the proposed amended section will be clarification regarding training requirements and certification criteria. There will be no economic cost for micro-businesses, small businesses or individuals who are required to comply with the amended section, as proposed.

Written comments on the proposal may be submitted to Stuart Strnad, Agriculture and Consumer Protection, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711 or by

email to Stuart.Strnad@TexasAgriculture.gov. Comments must be received no later than 30 days from the date of publication of the proposal in the *Texas Register*.

The amendment is proposed under Natural Resources Code §153.046, which provides that the Board shall establish standards for prescribed burning, certification, recertification, and training for certified and insured prescribed burn managers, and establish minimum education, professional and insurance requirements for certified and insured prescribed burn managers and instructors.

Natural Resources Code, Chapter 153, is affected by the proposal.

§226.3. *Experience.*

(a) To be certified as a certified and insured prescribed burn manager, an applicant must demonstrate the following minimum level of experience:

(1) three years of prescribed burning as a member of a burn team; and [or]

TITLE 31. NATURAL RESOURCES AND CONSERVATION

PART 2. TEXAS PARKS AND WILDLIFE DEPARTMENT

CHAPTER 53. FINANCE

SUBCHAPTER A. FEES

DIVISION 1. LICENSE, PERMIT, AND BOAT AND MOTOR FEES

31 TAC §53.3

The Texas Parks and Wildlife Commission in a duly noticed meeting on November 5, 2015 adopted an amendment to §53.3, concerning Combination Hunting and Fishing License Packages, without changes to the proposed text as published in the October 2, 2015, issue of the *Texas Register* (40 TexReg 6855).

Under Parks and Wildlife Code, §42.012, the Texas Parks and Wildlife Commission (commission) is required to waive the hunting license fee for a qualified disabled veteran, defined as "a veteran with a service connected disability, as defined by the Veteran's Administration, consisting of the loss of the use of a lower extremity or of a disability rating of 50 percent or more and who is receiving compensation from the United States for the disability." Under Parks and Wildlife Code, §46.004, the commission is required to waive fishing license fees for a qualified disabled veteran as defined by Parks and Wildlife Code, §42.012. Under Parks and Wildlife Code, §50.001, the commission is required to establish fees for combination hunting and fishing licenses.

The amendment removes the current language describing the exact nature of the disability that qualifies a person to obtain a disabled veterans license and replaces it with a reference to the statute in which the standard is articulated. House Bill 721, enacted by the most recent session of the legislature, altered

the statutory definition to decrease the minimum disability rating (from 60 percent to 50 percent) required to qualify to obtain a disabled veteran's license. Rather than amend the current rule to update the definition, the amendment cites the statutory reference. House Bill 721 also replaced the outdated term "Veterans' Administration" with the updated name of that agency, the "United States Department of Veterans Affairs."

The department received three comments opposing adoption of the rule as proposed. Two of the commenters opposing adoption provided a reason or rationale for opposing adoption. Those comments, accompanied by the department's response to each, follow.

One commenter opposed adoption and stated that making references complicate the reading of the law. The department disagrees with the comment and responds that it is necessary for the department's regulations to accurately reflect the law in effect. No changes were made as a result of the comment.

One commenter opposed adoption and stated that the disability requirement should remain at 60 percent. The department disagrees with the comment and responds that the 50 percent disability rating is established by statute and the commission does not have the authority to eliminate or modify that standard.

The department received 23 comments supporting adoption of the rule as proposed.

No groups or associations commented on the rule as proposed

The amendment is adopted under the authority House Bill 721, 84th Texas Legislature, 2015, Regular Session, which amended Parks and Wildlife Code, §42.012, to provide that a qualified disabled veteran is a veteran with a service connected disability, as defined by the United States Department of Veterans Affairs, consisting of the loss of the use of a lower extremity or of a disability rating of 50 percent or more and who is receiving compensation from the United States for the disability; §46.004, which requires the commission to waive fishing license fees for a qualified disabled veteran as defined by Parks and Wildlife Code, §42.012; and §50.001, which requires the commission to establish fees for combination hunting and fishing licenses.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

Notice of a Proposed Renewal with Amendment of a General Permit Authorizing the Discharge of Wastewater

The Texas Commission on Environmental Quality (TCEQ or commission) is proposing to renew and amend Texas Pollutant Discharge Elimination System General Permit TXG110000. This general permit authorizes discharges of facility wastewater and stormwater associated with industrial activities into or adjacent to water in the state from ready-mixed concrete plants, concrete products plants, and their associated facilities (Standard Industrial Classification (SIC) 3271, 3272, and 3273). The proposed general permit applies to the entire state of Texas. General permits are authorized by Texas Water Code, §26.040.

PROPOSED GENERAL PERMIT. The executive director has prepared a draft general permit renewal with amendments of an existing general permit that authorizes discharges of facility wastewater and stormwater associated with industrial activities into or adjacent to water in the state from ready-mixed concrete plants, concrete products plants, and their associated facilities (SIC 3271, 3272, and 3273). No significant degradation of high quality waters is expected and existing uses will be maintained and protected. The executive director proposes to require dischargers to submit a Notice of Intent to obtain authorization to discharge.

The executive director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) according to Coastal Coordination Advisory Committee regulations and has determined that the action is consistent with applicable CMP goals and policies.

A copy of the proposed general permit and fact sheet are available for viewing and copying at the TCEQ Office of the Chief Clerk located at the TCEQ's Austin office, at 12100 Park 35 Circle, Building F. These documents are also available at the TCEQ's 16 regional offices and on the TCEQ website at <http://www.tceq.texas.gov/permitting/wastewater/general/index.html>.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this proposed general

permit. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the proposed general permit. Generally, the TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the proposed general permit or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments must be received by the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087 or electronically at www.tceq.texas.gov/about/comments.html within 30 days from the date this notice is published.

APPROVAL PROCESS. After the comment period, the executive director will consider all the public comments and prepare a written response. The response will be filed with the TCEQ Office of the Chief Clerk at least 10 days before the scheduled commission meeting when the commission will consider approval of the general permit. The commission will consider all public comment in making its decision and will either adopt the executive director's response or prepare its own response. The commission will issue its written response on the general permit at the same time the commission issues or denies the general permit. A copy of any issued general permit and response to comments will be made available to the public for inspection at the agency's Austin and regional offices. A notice of the commissioner's action on the proposed general permit and a copy of its response to comments will be mailed to each person who made a comment. Also, a notice of the commission's action on the proposed general permit and the text of its response to comments will be published in the *Texas Register*.

How to Cite: Material published in the *Texas Register* is referenced by citing the volume in which the document appears, the words "TexReg" and the beginning page number on which that document was published. For example, a document published on page 2402 of Volume 40 (2015) is cited as follows: 40 TexReg 2402.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written "40 TexReg 2 issue date," while on the opposite page, page 3, in the lower right-hand corner, would be written "issue date 40 TexReg 3."

Texas Administrative Code

The *Texas Administrative Code (TAC)* is the compilation of all final state agency rules published in the *Texas Register*. Following its effective date, a rule is entered into the *Texas Administrative Code*. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the *TAC*.

The *TAC* volumes are arranged into Titles and Parts (using Arabic numerals). The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency.

The complete *TAC* is available through the Secretary of State's website at <http://www.sos.state.tx.us/tac>.

The Titles of the *TAC*, and their respective Title numbers are:

1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
28. Insurance
30. Environmental Quality
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the *TAC* scheme, each section is designated by a *TAC* number. For example in the citation 1 TAC §27.15: 1 indicates the title under which the agency appears in the *Texas Administrative Code*; *TAC* stands for the *Texas Administrative Code*; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to update: To find out if a rule has changed since the publication of the current supplement to the *Texas Administrative Code*, please look at the *Index of Rules*.

The *Index of Rules* is published cumulatively in the blue-cover quarterly indexes to the *Texas Register*.

If a rule has changed during the time period covered by the table, the rule's *TAC* number will be printed with the *Texas Register* page number and a notation indicating the type of filing (emergency, proposed, withdrawn, or adopted) as shown in the following example.
