Notice of Public Meeting and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New Permit Number WQ0015460001

APPLICATION AND PRELIMINARY DECISION. Texas Providence Investments, LLC, 10600 Richmond Avenue, Houston, Texas 77042, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015460001 to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 8,000 gallons per day. TCEQ received this application on February 17, 2016.

The facility will be located at 13722 Kluge Road, in Cypress, Harris County, Texas 77429. The treated effluent will be discharged to a Harris County Flood Control District detention pond; thence to Cypress Creek in Segment No. 1009 of the San Jacinto River Basin. The unclassified receiving water use is minimal aquatic life use for the Harris County Flood Control District detention pond. The designated uses for Segment No. 1009 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Cypress Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must

operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Texas Commission on Environmental Quality Region 12 Office, 5425 Polk Street, Suite H, Houston, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.973055&lng=-95.638055&zoom=13&type=r>

CHANGE IN LAW. The Texas Legislature enacted Senate Bill 709, effective September 1, 2015, amending the requirements for comments and contested case hearings. This application is subject to those changes in law.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application.

The public meeting will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application, and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requests to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Tuesday, August 23, 2016, 7:00 p.m.

Homewood Suites by Hilton

13110 Wortham Center Drive Houston, Texas 77065

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the

general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Box 13087, Austin, Texas 78711-3087 or electronically at www.tceq.texas.gov/about/comments.html within 30 days from the date of newspaper publication of this notice or by the date of the public meeting, whichever is later.

Notice and Opportunity to Comment on Requests for Consistency Agreement/Concurrence Under the Texas Coastal Management Program

On January 10, 1997, the State of Texas received federal approval of the Coastal Management Program (CMP) (62 Federal Register pp. 1439 - 1440). Under federal law, federal agency activities and actions affecting the Texas coastal zone must be consistent with the CMP goals and policies identified in 31 TAC Chapter 501. Requests for federal consistency review were deemed administratively complete for the following project(s) during the period of July 4, 2016, through July 8, 2016. As required by federal law, the public is given an opportunity to comment on the consistency of proposed activities in the coastal zone undertaken or authorized by federal agencies. Pursuant to 31 TAC §§506.25, 506.32, and 506.41, the public comment period extends 30 days from the date published on the Texas General Land Office web site. The notice was published on the web site on Friday, July 15, 2016. The public comment period for this project will close at 5:00 p.m. on Monday, August 12, 2016.

FEDERAL AGENCY ACTIONS:

Applicant: Vopak Terminal Deer Park, Inc.

Location: The project site is located in the Houston Ship Channel and Tucker Bayou at 1900 Tidal Road, in Deer Park, Harris County, Texas. The project can be located on the U.S.G.S. quadrangle map titled: TX-LA PORTE, Texas.

LATITUDE & LONGITUDE (NAD 83): 29.7421, -95.1028

Project Description: The applicant proposes to construct and operate a ship and barge terminal to facilitate the transportation of liquefied hazardous gas and atmospheric liquid product on the Houston Ship Channel. The project would involve dredging an approximate 49-acre area to -45 mean low tide. This would displace approximately 2,090,470 cubic yards of dredge material. The applicant is proposing to place those dredged materials into the Lost Lake and Clinton dredged material placement areas. The project also includes the construction of a dock terminal which would have a 355-foot setback from the Houston Ship Channel. The Channel side of the proposed dock terminal would be able to accommodate two 920-foot vessels or three 620-foot vessels. The internal docking area has been designed to accommodate four 300-foot barges or two 490-foot articulated barges. The project would also involve the installation of seven outfall structures and a retaining wall which would result in the discharge of fill material into two wetland areas and Tucker Bayou. The entire project would impact approximately 0.036 acre of wetlands.

CMP Project No: 14-1006-F1

Type of Application: U.S. Army Corps of Engineers (USACE) permit application #SWG-2013-00136. This application will be reviewed pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act.

Pursuant to §306(d)(14) of the Coastal Zone Management Act of 1972 (16 U.S.C.A. §§1451 - 1464), as amended, interested parties are invited to submit comments on whether a proposed action or activity is or is not consistent with the Texas Coastal Management Program goals and policies and whether the action should be referred to the Land Commissioner for review.

Further information on the applications listed above, including a copy of the consistency certifications or consistency determinations for inspection, may be obtained from Mr. Jesse Solis, P.O. Box 12873, Austin, Texas 78711-2873 or via email at federal.consistency@glo.texas.gov. Comments should be sent to Mr. Solis at the above address or by email.

Hearing. The Texas Health and Human Services Commission (HHSC) will conduct a public hearing on August 5, 2016, at 8 a.m. to receive public comment on proposed interim per diem Medicaid reimbursement rates for small and large, state-operated Intermediate Care Facilities for Individuals with an Intellectual Disability (ICF/IID) operated by the Texas Department of Aging and Disability Services (DADS).

The hearing will be held in compliance with Texas Human Resources Code §32.0282 and Texas Administrative Code (TAC) Title 1, §355.105(g), which require public notice and hearings on proposed Medicaid reimbursements before such rates are approved by HHSC. The public hearing will be held in Room 5155 of the Brown Heatly Building, located at 4900 N. Lamar Boulevard, Austin, Texas. Entry is through Security at the front of the building facing Lamar Boulevard. Persons requiring Americans with Disability Act (ADA) accommodation or auxiliary aids or services should contact Rate Analysis by calling (512) 730-7401 at least 72 hours prior to the hearing so appropriate arrangements can be made.

Proposal. HHSC proposes the following interim reimbursement rates for small and large state-operated ICF/IIDs operated by DADS. The proposed rates will be effective September 1, 2016, and were determined in accordance with the rate setting methodology listed below under "Methodology and Justification."

Small State-Operated ICF/IID

Proposed interim daily rate: \$719.85

Large State-Operated ICF/IID- Medicaid Only clients

Proposed interim daily rate: \$850.69

Large State-Operated ICF/IID- Dual-eligible Medicaid/Medicare clients

Proposed interim daily rate: \$821.21

HHSC is proposing these interim rates so that adequate funds will be available to serve clients in these facilities. The proposed interim rates account for actual and projected increases in costs to operate these facilities.
